Careful thought and attention have been given to the preparation of this list to include only such varieties of *Gladiolus* that will produce the best type of flowers. In filling your orders we shall do our best to make every shipment satisfactory to you.

We thank our old friends for past patronage and hope to merit their continued favors; to our prospective customers we can assure every courtesy and service of the highest type in their dealings with us.

Guarantee

3 bulbs at the dozen rate, 25 bulbs at the 100 rate.

All stock sent out by us is guaranteed true to name, and will cheerfully replace any stock found to be otherwise or refund the money, but we cannot be held responsible for any failure of the crop, as that is beyond our control. We do not substitute unless you permit us to do so.

Remittances

Remittance must accompany order, or 25 per cent. will hold your order till the Spring. We will then notify you to send balance, upon receipt of which your order will be sent away immediately. Post-paid and safe delivery guaranteed. Remittances may be made by Postal Order, Express Money Order, or if your order only amounts to one dollar, we will accept two-cent stamps, but please do not ask us to put up an order for less than one dollar, as we could only do so at a loss considering these low prices, the price of labor, packing and stamps. On one dollar to five dollars, when cash arrives with order, I will give free 15 per cent. in bulbs, my choice. This will not effect the number of extras I give with each order.

On all orders of five dollars or over, I will give 20 per cent. in bulbs, my choice. This will not effect the number of extras I give with each order. The bigger the order the more extras I give. If you think I made a mistake in my count don't you make a mistake and return them if you receive too many.

Full cultural directions sent with your order.

If you have a chance to sell cut flowers in season, send for my special wholesale list of planting sizes and bulblets. On my retail list I give 12 bulblets for the price of one bulb where I can spare them.
